ACTA UROLOGICA JAPONICA
Vol. 32, No. 3 March 1986

A Study About the Cause of Urolithiasis in Upper Urinary Tract
-Clinical Study of the Risk Factors of the Formation of the Stones of Upper Urinary Tract- ......................................................M. Nonomura et al... 311
Detection of the Urinary Polyamine by a New Enzymatic Differential Assay
(I) Fundamental Study on a New Enzymatic Differential Assay-S. Sakai et al... 327
Detection of the Urinary Polyamine by a New Enzymatic Differential Assay
(II) Comparison with Conventional Method........................................S. Sakai et al... 337
Detection of the Urinary Polyamine by a New Enzymatic Differential Assay
(III) Studies on Urinary Polyamines in Patients with Genitourinary Malignant Diseases .....................................................S. Sakai et al... 343
Oxalate Loading Test for Outpatients with Calcium Oxalate Stones ......M. Kato... 351
Uroflowmetrical Analysis of Normal Adults by Male Uroflow Diagnostic Interpretation ......................................................M. Mizunaga et al... 361
Acute Change of Urinary NAG Activity Following CDDP Administration........................................................................K. Yoshida et al... 369
Chemotherapy of Renal Cell Carcinoma
2. Combination of Chemotherapy Using ACNU and VBL-M. Kobayashi et al... 375
Histochemical Studies on Bladder Tumors ........................................H. Ito... 385
Staging Pelvic Lymphadenectomy for Carcinoma of the Prostate:
Review of 23 Cases ......................................................................Y. Arai et al... 401
Experience of Transurethral Prostatic Resection by Mauermayer Method ..................................................................................Y. Mori et al... 407
Silicone Pig-tail Catheter for Upper Urinary Tract .........................H. Washida et al... 413
A Clinical Observation of Aged Patients Receiving Urologic Surgery........................................................................S. Tokunaga et al... 423
Clinical Effect of Prostaglandin F2α on Postoperative Bowel Movement in Transurethral and Transretroperitoneal Urologic Surgery ........................................................................S. Sakashita et al... 433
Combined Treatment of 8 MHz Radiofrequency Hyperthermia and Irradiation in a Patient with Mediastinal Metastasis of Renal Cancer ........................................................................K. Nakajima et al... 441
A Case of Complete Remission of Distant Metastasis of Renalpelvic Tumor by Combination Chemotherapy with MitomycinC, Cyclophosphamide and 5-Fluorouracil ........................................K. Tashiro et al... 449
A Case of Primary Ureteral Carcinoma in the Duplicated Renal Pelvis and Ureter Diagnosed by Transurethral Uretero-Renoscopy .................................................................Y. Banya et al... 454
A Case of Prostatic Leiomyosarcoma ........................................S. Tadera et al... 462
Prostatic Carcinoma with Metastasis to the Testicle:
A Case Report.................................................................................S. Takahashi et al... 468
A Case of Torsion of the Undescended Testicle ..................................T. Koide et al... 473
Clinical Effect of Allylestrenol on Benign Prostatic Hypertrophy ........................................................................A. Tajima et al... 477
Clinical Effects of Allylestrenol on Prostatic Hypertrophy ..................K. Kohri et al... 486
Phase I Study with LH-RH Agonist, ICI 118630 ................................M. Usami et al... 493

Editor: Prof. Osamu YOSHIDA, M. D.
Department of Urology, Faculty of Medicine
