1996

## CONTENTS

### NOS. 1/2 (February 1996)

1. **Humes, A.G.:** Copepods associated with scleractinian coral *Galaxea* in the Indo-Pacific ..... 1
2. **Nishi, E. & Arai, Y.:** Chaetopterid polychaetes from Okinawa Island, Japan ..... 51
3. **Abe, H.:** Rhombognathine mites (Acari: Halacaridae) from Hokkaido, northern Japan ..... 63
4. **Ariyama, H.:** Four species of the genus *Grandidierella* (Crustacea: Amphipoda: Aoridae) from Osaka Bay and the northern part of the Kii Channel, central Japan ..... 167
5. **Raveendran, T.V. & Harada, E.:** Intense predation on ascidians by a trunk fish, *Ostracion immaculatus* (Temminck et Schlegel) (Osteichthyes: Ostraciidae) ..... 193

### NOS. 3/6 (December 1996)

6. **Kussakin, O.G. & Kostina, E.E.:** The intertidal biota of volcanic Yankich Island (middle Kuril Islands) ..... 201
7. **Fukao, R.:** Occurrence of epitokes of *Platynereis bicanaliculata* (Baird) (Annelida: Polychaeta) in Koajiro Bay, Miura Peninsula, central Japan ..... 227
8. **Evseev, G.A., Yakovlev, Yu, M. & Li, X.:** The anatomy of the Pacific oyster, *Crassostrea gigas* (Thunberg) (Bivalvia: Ostreidae) ..... 239
9. **Miura, T. & Hashimoto, J.:** Nautiliniellid polychaetes living in the mantle cavity of bivalve mollusks from cold seeps and hydrothermal vents around Japan ..... 257
10. **Ho, J.-S. & Kim, I.-H.:** Copepods parasitic on fishes of western North Pacific ..... 275
11. **Nishi, E.:** Serpulid polychaetes associated with living and dead corals at Okinawa Island, southwest Japan ..... 305
12. **Mori, A.:** A new species of *Orthoprotella* (Crustacea: Amphipoda: Caprellidea) from Amakusa, western Kyushu, Japan ..... 319
13. **Miyazaki, K.:** Structure of the adult male reproductive system in a pycnogonid, *Cilunculus armatus* (Pycnogonida: Ammotheidae) ..... 329
14. **Yamato, S., Yusa, Y. & Tanase, H.:** Distribution of two species of *Conchoderma* (Cirripedia: Thoracica) over the body of a sea snake, *Laticauda semifasciata* (Reinwardt), from the Kii Peninsula, southwestern Japan ..... 337
