

## あ と が き

和歌山県貝類目録（第1集）が大勢の方々の御協力によってようやく発刊の運びとなった。顧みれば1972年10月に黒田博士米寿記念事業として刊行委員会が正式に発足して以来、実に8年間の長歳月が経っている。標本の精査、種名の同定に可成りの時日を費したが、それでも尚手元に若干の未査定種が残った。これらは次の機会に補遺として報告したいと思っている。第1集の編纂にあたっては直接監修執筆の労をとられた波部忠重博士、滝巖博士は申すに及ばず、これの実現に御助力をいただいた時岡隆、菊地典男両博士、多くの県産貝類の資料を提供された林奨一郎、浜本正之の両氏、また図版作成の為に献身的に御協力をいただいた今福道夫、臼杵秀昭（写真）、北尾耕二（作図）の各氏、編集作業に御協力下さった田中勉氏、また資料の提供、有益な意見激励を賜わった県内外の大勢の方々に厚く御礼を申し上げると共に印刷、造本に御尽力いただいた中西印刷株式会社の中西亮氏に深甚の謝意を表したい。終りに目録編纂の難事業に長年労苦を共にしてきた三人の仲間・山本虎夫、土岐頼三郎、湊 宏の各委員と共に第一集完成を心から喜びたい。そしてこの喜びをかみしめて引き続き第二集の編輯を進めて行きたいと思う。

小山 安生

## Postscript

This first volume of the Catalogue of Molluscs in Wakayama Prefecture owes its completion to the assistance and cooperation of many individuals. To reiterate, on the occasion of eighty-eighth birthday of Dr. Tokubei Kuroda, in October, 1972, a publication committee was formally created. The actual work towards publication has, in fact, taken eight years. With the completion of the first volume, work towards completion of the second volume is already underway, to the great pleasure of the people concerned. There is still research which is as yet incomplete. It is the intention of the authors to submit the results in a supplement to this volume at a suitable opportunity. The editors wish to thank Drs. Tadashige Habe and Iwao Taki who undertook editorial supervisory tasks as well as personally contributing their own articles; Drs. Takashi Tokioka and Norio Kikuchi for their continuing and daily assistance throughout the project; Messrs. Shōichirō Hayashi and Masayuki Hamamoto for providing data on various shell species; Mr. Hideaki Usuki and Dr. Michio Imafuku for providing plates, and photographs, and Mr. Koji Kitao for his drawings.

Thanks are due to Mr. Tsutomu Tanaka for his editing work and finally we wish to express our warmest appreciation to all of those people, both in Wakayama Prefecture and elsewhere who contributed data, opinions concerning the material presented and in general, provided personal encouragement and assistance at difficult points.

Finally, the arduous task of compiling and editing this work, requiring many years, would have been impossible without the continuing efforts of the editors, Messrs. Torao Yamamoto, Yorisaburo Toki and Hiroshi Minato, and the support and advice of Mr. Akira Nakanishi, General Director of Nakanishi Printing Co, Ltd., to whom, last but not least, we owe a debt of gratitude.
