Instructions for Authors:

Pan Africa News publishes articles, notes, reviews, forums, news, essays, book reviews, letters to editor, and classified ads (restricted to non-profit organizations) on any aspect of conservation and research regarding chimpanzees (*Pan troglodytes*) and bilias (*Pan paniscus*). Contributors are requested to write in English and the papers except forums, reviews and essays should usually be 1,500 words or less. Articles, notes and reviews will be peer-reviewed by at least one appropriate expert on request of the *PAN* editorial staff.

PAN is published twice a year in June and December. Deadline for manuscripts is two months before publication (*i.e.*, the ends of April and October). Submit your manuscripts via e-mail to pan.editor@gmail.com.

- **Manuscripts:** Format as DOC or RTF files
- **Photos and figures:** Format as JPEG or GIF files. Do NOT paste on Word files or create as PDF files. Figures could be sent as excel files also.
- **Audiovisual data:** Authors could include audiovisual data to enhance their papers, although they will be included in the online version only. Sound or video files should be sent only after communicating with the editor to obtain more detailed instructions.
- Send these **separately** by e-mail attachments.

INTRODUCTION

Reduction of predation risk is thought to be one of the main benefits that animals derive from living in a group (Alexander 1974) and a major driving force in the evolution of group-living in primates (Hill & Lee 1998).
