transliteration
from handwriting
to text data

The screenshot shows a Microsoft Internet Explorer window with a blue header bar. The main content area displays a page titled 'kj29ft32.html - Microsoft Internet Explorer'. The page includes a 'Table of Contents' on the left, a list of 15 entries in the center, and a large image of a handwritten manuscript on the right. A yellow callout bubble points from the text 'transliteration from handwriting to text data' towards the handwritten text in the image. Another yellow callout bubble points from the text 'a literature collection of legendary at 12C.' towards the list of entries. The handwritten text in the image is written in vertical columns of cursive Japanese characters.
