Today's topics

1. Get ready
2. Find books, journals
3. Find articles
4. If you cannot find them in KU

1. Get ready

Please make sure that you have installed
the designated plug-in.

 With which, you can access to the databases, and e-resources
(even from your bedroom!).

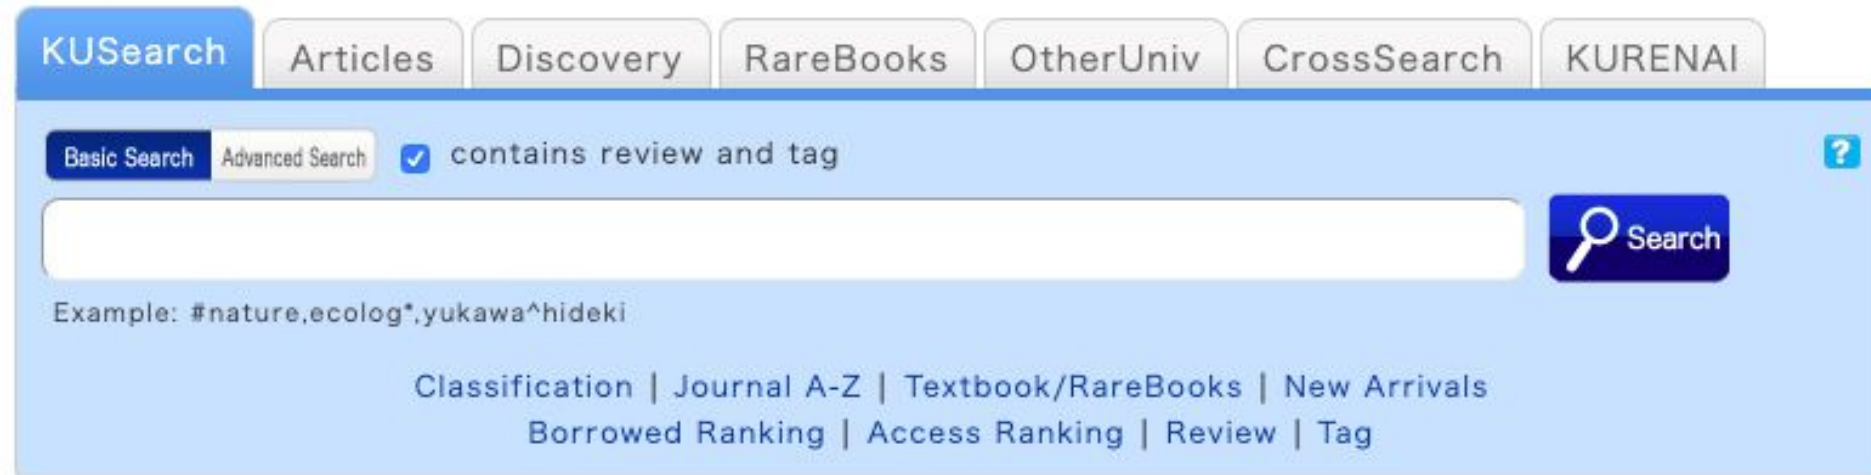

To install it, click [here](#).

Or, google “Kyoto University e-resources remote access”.

2. Find Books, Journals

→ Use  京都大学蔵書検索 (Catalog of Kyoto Univ. Libraries)
<https://kuline.kuip.kyoto-u.ac.jp/?lang=english>

Put the book's title or the author's name, and the result page will show you where it is.

Some Tips...

 To make the full use of it, you can enjoy “Advanced search”.

 With which, you can search by languages, by the holding library etc..

 You can search more efficiently with...

▪ “#” (sharp) search: Put “#” **before** the search word.

 The result page will show you the book (journal) which have the exactly same title or author’s name.

▪ “ * ” (asterisk) search : Put “*” **after** the search word.

 e.g.) If you search “japan*”, the result page will show books including the term “japan” or “japanese”.

2.Find Books, Journals

If you find e-books (-journals),
you can directly access to the text on web.

(To read it, however, you need to have already installed the designated plug-in on your computer.)

Find articles written in Japanese

A screenshot of the CiNiiArticles website search interface. The page has a white header with the CiNii logo and navigation links: "日本の論文をさがす", "大学図書館の本をさがす", and "日本の博士論文をさがす". On the right side of the header are links for "京都大学", "新規登録", "ログイン", and "English". The main content area features the CiNiiArticles logo and a search bar with the placeholder text "フリーワード". Below the search bar are two buttons: "検索" (Search) and "すべて" (All). A dropdown menu is open, showing "本文あり" (Full text available) and "詳細検索" (Advanced search). The footer contains four columns of links: "CiNiiについて", "ヘルプ", "新着情報", and "NIIのコンテンツサービス".

3. Find Articles

The screenshot shows the CiNii search interface. At the top, there are navigation links for '日本の論文をさがす', '大学図書館の本をさがす', and '日本の博士論文をさがす'. Below these are search filters for '論文検索', '著者検索', and '全文検索'. A search box contains 'ニーチェ 系譜学' and a '検索' button. Below the search box are buttons for 'すべて', '本文あり', and '詳細検索'. The search results section shows '検索結果: 22件中 1-20 を表示' and a pagination control with '1', '2', and a right arrow. A dropdown menu is set to '被引用件数: 多い順'. The results list includes three entries, each with a checkbox, a document icon, a title, author, journal information, and buttons for 'J-STAGE', '京大ArticleLinker', and '京大RefWorks(論文情報を取込む)'. On the right, there is a '関連著者' section with a list of author names and profile icons.

Discovery (by K.U.)

...is a unifying search tool which includes data from Kuline and individual database sites (Web of science, CiNii, ...).

When using Discovery, you need to know that...

- it sometimes lacks the newest articles which the original database sites have.
- it will show you vast amount of data.
sometimes it is difficult to access to the article which you really want.

4. If you cannot find them in K.U. ...

Options...

- ① Request loan, request copy.
(from other universities' libraries)
- ② Ask a K.U. library to buy the book.
- ③ Visit other universities' libraries.
- ④ Buy it by yourself. (Sometimes this is the easiest way...)

① Request loan, request copy (from other universities' libraries)

The image shows a screenshot of the MyKULINE website interface. On the left is a navigation menu with the following items: MyKULINE, Bookmark, My Search, New Arrival Alert, Copy request, Loan request, and Purchase Request (for faculty members). The 'Copy request' and 'Loan request' items are circled in red. Two red arrows point from these circles to the main content area. The main content area is titled '"Reserve" button display of "on shelf" materials' and is divided into two panels: 'Copy request' and 'Loan request'. Each panel contains a 'Request Information Entry' form with various input fields. A red box labeled 'My Kuline' is placed over the text '* indicates required items.' in both panels. The 'Copy request' panel includes fields for Chapter, etc.; Book title; Volumes; Author; Page; Bib. Authority; and Bib. ID. The 'Loan request' panel includes fields for Book title; Volumes; Author; Year; Bib. Authority; Bib. ID; ISBN; and Publisher. A small example text is visible below the Book title field in the loan request panel: '(記入例) わかりやすい振動工学 The ethics of Japan's global environmental policy など'.

② Ask a K.U. Library to buy the book

 Visit the Main Library or your belonging library, and fill in the application form.

You can do it online as well.
