

Poster Awards

IMAMURA, Yuji

Excellent Presentation Award

2020 KIPS Young Researchers Polymer Symposium

“Dual Control of Stereoregularity and Molecular Weight by the Hybridization of Reversible Deactivation Radical Polymerization with a Lanthanide Lewis Acid Catalyst”

Foundation of Institute for Chemical Fibers, Japan

23 October 2020

SATO, Takeshi

The Best Poster Award

“Multi-scale Simulation for Temperature Dependent Flows of Entangled Polymer Melts”

The 15th International Workshop for East Asian Young Rheologists (IWEAYR-15)

10 January 2020

TSUDZUKI, Taiku

Best Poster Award

The 21st Annual Meeting of Japanese Society for Extremophiles

“Regulation of Surface Structure of Extracellular Membrane Vesicles and Their Cargo Transport by Surface Polysaccharide Biosynthesis Enzyme of *Shewanella vesiculosa* HM13”

The Japanese Society for Extremophiles

1 November 2020

KANEKO, Hiroto

Poster Award

12th Workshop for Young Bioinformatician

“Marine Biodiversity from Space–Remote Sensing and Metagenomes”

Young Researchers Society for Bioinformatics

28 August 2020
