This site contains data of major academic organizations in Japan.

**Search by Research Fields**  
**Search by Keywords**

The screenshot shows the homepage of the Gakkai Meikan (Directory of Conferences) website. The title '学会名鑑' is prominently displayed at the top. Below the title, there is a search bar with a red border, containing the text '検索' (Search) and a 'リセット' (Reset) button. Below the search bar, there is a link to '詳細な検索' (Detailed Search). The website is supported by the Science Council of Japan, the Japan Association of Academic Societies, and the Japan Science and Technology Agency (JST). A notice indicates that the data is updated as of March 19, 2021 (Reiwa 3). Two search methods are highlighted with red boxes: '分野別で探す' (Search by Research Field) and '50音別で探す' (Search by 50 Sounds). The '分野別で探す' section lists three categories: '人文・社会科学' (Humanities and Social Sciences), '生命科学' (Life Sciences), and '理学・工学' (Physical Sciences and Engineering). The '50音別で探す' section features a grid of buttons for the 50 Japanese sounds, along with a '日本' (Japan) button and a '全て' (All) button.
