

*Memoirs of the*  
**FACULTY OF ENGINEERING**  
**KYOTO UNIVERSITY**

**VOLUME XX**

**1958**

Published by the University.  
KYOTO, JAPAN.

## CONTENTS

PART 1	PAGE
On the Experimental Stress Analysis of a Composite Box Girder Bridge.....	Ichiro KONISHI Yoshikazu YAMADA and Yuhshi FUKUMOTO ..... 1
The Improvement on the Performance of a Pre-combustion Diesel Engine.....	Fujio NAGAO and Harutoshi KAKIMOTO ... 11
Fundamental Studies on the Microwave Circuits and Electronics Part I. The Some Theoretical Studies of Microwave Circuits.....	Nobuyoshi KATO and Toyosaku ISOBE ..... 27
Fundamental Studies on the Microwave Circuits and Electronics Part II. Studies on Electronics of Microwave Planar Space Charge Tube with a Very Narrow Gap .....	Nobuyoshi KATO and Toyosaku ISOBE..... 48
Rate of Solution of Solid Particles in Agitated Liquids ...	Shinji NAGATA Masaaki ADACHI and Iwao YAMAGUCHI ..... 72
PART 2	
An Analysis of the Mechanism of Orthogonal Cutting.....	Keiji OKUSHIMA and Katsundo HITOMI ..... 95
The Theory of Creep of Visco-Plasto-Elastomer .....	Yoshikazu SAWARAGI and Hidekatsu TOKUMARU ...117
Adsorption and Desorption of Bromine by Graphites .....	Wataru FUNASAKA Makoto KAWANE Tatsuo KONADA and Yoshio ASANO .....130
PART 3	
The Skew Network Difference Equation for the Ortho- tropic Parallelogram Plate and Its Application to the Experimental Study on the Model Skew Com- posite Grillage Girder Bridge .....	Masao NARUOKA and Hiroshi ŌMURA .....139

Electro-chemical Stabilization of Ground under Foundation...	Shin-ichiro MATSUO	.....149
The Shock Tube as a Short Duration Wind Tunnel .....	Gorō KAMIMOTO Takashi SHIMIZU and Teruaki AKAMATSU	.....163
Estimation of Annual Average Thermal Efficiency of Modern Steam Power Plants in a Large Hydro-Steam Combined Electric Power System .....	Taturo OKUBO and Hiroshi NISHIHARA	.....182
Amplitude Modulation in Traveling Wave Tube Phase Modulator .....	Jun-ichi IKENOUE and Kenzo IMAI	.....211

#### PART 4

Fundamental Studies on the Earthquake Resistant Design of Bridge Structures.....	Hisao GOTO	.....225
Hydraulic Significance of Transitional Behaviours of Flows in Channel Transitions and Controls —Application of Geometric Theory of Differential Equation to Surface Configuration of Transition Flow in Divergent or Convergent Channels— .....	Yoshiaki IWASA	.....237
Der Einwirkungsfaktor bei Senkungsberechnungen für flache Lagerung.....	Yoshio HIRAMATSU und Jun-ichi KOKADO	.....277
Studies on the Oxidation of Pyrite Part I. Thermal Decomposition of Pyrite .....	Kiyokado NISHIHARA and Yoshio KONDO	.....285
Studies on the Oxidation of Pyrite Part II. Kinetics of the Oxidation of Pyrite .....	Kiyokado NISHIHARA and Yoshio KONDO	.....307
Flow Patterns of Liquid in a Cylindrical Mixing Vessel without Baffles .....	Shinji NAGATA Kazuo YAMAMOTO and Motohiro UJIHARA.....	336
A Fundamental Study on the Infiltration Characteristics of Radioactive Liquid Wastes .....	Shigehisa IWAI Takeshi GŌDA and Yoriteru INOUE	.....350
