

*Memoirs of the*  
FACULTY OF ENGINEERING  
KYOTO UNIVERSITY

VOLUME XXIII

1961

Published by  
KYOTO UNIVERSITY  
KYOTO, JAPAN

## CONTENTS

### PART 1

	PAGE
Exact Periodic Solutions for the Forced Oscillations of a Symmetric Nonlinear System with "Set-up Springs". .....	Yoshikazu SAWARAGI and Hidekazu TOKUMARU ... 1
The Selection of the Representative Year of Stream Flow for Electric Power Generation. ....	Tatsuro OKUBO Hiroshi NISHIHARA and Takashi SOMA ..... 22
Measurements on the Frequency Entrainment of a Reflex Klystron. ....	Jun-ichi IKENOUE and Kiyoshi FUKUI ..... 36
Über die Beanspruchungen des Seildrahtes. ....	Toshio AIDA und Susumu SATO ..... 47
On the Detonation Pressure Produced at the Inner Surface of the Charge Hole. ....	Ichiro ITŌ and Koichi SASSA ..... 70
Investigations on the Stress in Circular Shaft Linings. ...	Yoshio HIRAMATSU Yukitoshi OKA and Shōji OGINO ..... 90
Some New Chemicals for Rubber and Their Reac- tivities as Free Radical Sources. ....	Junji FURUKAWA and Shinzo YAMASHITA .....111

### PART 2

Analysis and Design of a Valve-Controlled Hydraulic Device. ....	Taizo SAWAMURA and Hideo HANAFUSA .....123
Estimation of the Average Stream Flow in the Im- mediate Future for Hydro-electric Power Gener- ation. ....	Tatsuro OKUBO Hiroshi NISHIHARA and Takashi SOMA .....138
A Method for Calculating the Dynamic Stability of a Human-Piloted Airplane by the "Root-Locus Method". ....	Hiroshi MAEDA .....154
Control Effect of Flow through Perforated Inlet Diffuser in the Rectangular Settling Tanks. I. Theoretical Considerations. ....	Takeshi GODA and Tomitaro SUEISHI .....172
Über die longitudinalen Schwingungen der Förder- seile in seigeren Schächten. ....	Toshio AIDA und Susumu SATO .....202
Studies on the Nickel Matte. I. Nickel-Iron-Sulphur System. ....	Kiyokado NISHIHARA and Yoshio KONDO .....242

## PART 3

Elastic-Plastic Analysis of Suspension Bridge Towers Subjected to Earthquake Ground Motions. ....	Yoshikazu YAMADA.....	265
Control Effect of Flow through Perforated Inlet Diffuser in the Rectangular Settling Tanks. II. Experimental Investigations. ....	Takeshi GODA and Tomitaro SUEISHI.....	284
Accuracy Considerations of the Equivalent Lineariza- tion Technique for the Analysis of a Non-Linear Control System with a Gaussian Random Input. ...	Yoshikazu SAWARAGI and Narinobu SUGAI .....	300

## PART 4

A Design of a Three-Component Tool Dynamometer. ...	Keiji OKUSHIMA and Katsundo HITOMI .....	321
Une étude sur les travaux de Bogolioubov et Mitro- polsky à Propos du fondement de la méthode de l'équation, à caractère de moyenneté. ....	Masaya YAMAGUTI et Kyuzo HAYASHI .....	335
Sampled-data Control System Design Using Reverse Element. ....	Shigenori HAYASHI and Satoshi HOSHINO .....	342
