

*Memoirs of the*  
FACULTY OF ENGINEERING  
KYOTO UNIVERSITY

VOLUME XXVI

1964

Published by  
KYOTO UNIVERSITY  
KYOTO, JAPAN

# CONTENTS

## PART 1

	PAGE
Studies on the Yield of Plastic Hinges in Concrete Beams. ....	Kiyoshi OKADA and Wataru KOYANAGI ..... 1
An Analytical Study of Heat Transfer in Nucleate Boiling. ....	Itaru MICHYOSHI, Kunihiko UEMATSU and Tsuyoshi NAKAJIMA ... 16
The Meson-Nucleon Phenomena and the Many Body Problem. ....	Chiaki IHARA ..... 28
Aging Characteristics and Effects of Plastic Deformation on Precipitation in Al-4% Cu and Al-20% Ag Alloys with or without Trace Elements. ....	Yōtaro MURAKAMI, Osamu KAWANO and Hideaki TAMURA ..... 34

## PART 2

Study on Evaluation Efficiency of Investment for Regional Public Works. ....	Kazuhiro YOSHIKAWA... 69
On the Coupled Free Vibrations of a Suspension Bridge (II). ....	Naruhito SHIRAISHI..... 75
A Study of Super-High Speed Machining. ....	Keiji OKUSHIMA, Katsundo HITOMI and Shuntaro ITO ..... 85
Analysis of the Harmonic Producer Circuits. ....	Shigenori HAYASHI and Koichi MIZUKAMI .....110
A Statistical Study on the Response of Non-linear Control Systems Subjected to a Non-stationary Gaussian Random Input. ....	Yoshikazu SAWARAGI, Yoshifumi SUNAHARA and Takashi SOEDA .....132

## PART 3

Dynamics of Mass Transfer in the Double Film Resistance. ....	Takeichiro TAKAMATSU, Eiji NAKANISHI and Masaaki NAITO .....145
The Effect of Cutting Fluid on Reaming Operation....	Keiji OKUSHIMA, Katsundo HITOMI and Satoshi SUZUKI.....155

A Study of the Transfer Function of Chopper Amplifiers. ....	Shigenori HAYASHI and Kōichi MIZUKAMI .....	172
Statistical Analysis of Chopper-Modulated Circuits....	Shigenori HAYASHI and Kōichi MIZUKAMI .....	185
Considerations on the Mechanism of Reaction between Xanthate and Sulphide Minerals. ....	Shigeru MUKAI, Takahide WAKAMATSU and MINORU ICHIDATE .....	195
Temperature Distribution of the Bed during the Second Falling Rate Period of Drying. ....	Ryozo TOEI and Shinya HAYASHI .....	208
The Theory of Crimp of Textile Fibres. ....	Masao HORIO .....	222

## PART 4

Approximate Solution of Optimal Control Problem by Using Linear Programming Technique. ....	Yoshiyuki SAKAWA.....	274
The Steady-State and Transient Characteristics of the Chopper-Modulated Circuit Having Four Circuit Modes. ....	Shigenori HAYASHI and Kōichi MIZUKAMI .....	284
Analysis of Sampled-Data Feedback Control Systems with Finite Pulse Width. ....	Shigenori HAYASHI and Kōichi MIZUKAMI .....	301
A Method to Optimize the Stability of a Linear Dynamic System. ....	Hiroshi MAEDA .....	317
Particle Size Estimation from Pressure Drops of a Pneumatic Conveying Pipe Line. ....	Koichi IINOYA and Keishi GOTO .....	328
An Experimental Study of Bubble Motion on a Heating Surface in Nucleate Boiling. ....	Itaru MICHIOYOSHI and Tsuyoshi NAKAJIMA ...	336
