MEMOIRS OF THE FACULTY OF ENGINEERING  
KYOTO UNIVERSITY

VOLUME XXVII

PART 1

JANUARY 1965

CONTENTS

|                                                                                                                                                                                          |     |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Koichi AKAI and Takao UNO: <i>Variation in Head and Rate of Discharge in the Non-Steady Seepage Flow.</i> . . . . .                                                                      | 1   |
| Hisao GOTO and Kenzo TOKI <i>Vibrational Characteristics and Aseismic Design of Sub-merged Bridge Piers.</i> . . . . .                                                                   | 17  |
| Takeshi GODA and Hiroshi NAKANISHI: <i>Mixing and Microbial Kinetics of Activated Sludge Process.</i> . . . . .                                                                          | 31  |
| Hiroshi MUGURUMA and Shiro MORITA: <i>On the Flexural Rigidity of Reinforced Concrete Beams.</i> . . . . .                                                                               | 47  |
| Minoru KAWAMOTO and Tuneshichi TANAKA: <i>Elastic Hysteresis Property of Several Steels under Fatigue Load.</i> . . . . .                                                                | 65  |
| Takashi SATO and Takeshi KUNITOMO: <i>Radiation from Fine Particle Clouds in High-Temperature Combustion Gas.</i> . . . . .                                                              | 75  |
| Shigenori HAYASHI and Akira KISHIMA: <i>Sub-harmonic Oscillations in Power Circuits with Series Capacitors.</i> . . . . .                                                                | 89  |
| Koichi IINOYA and Keishi GOTO: <i>Dynamic Characteristics of a Pneumatic Conveying Pipe Line.</i> . . . . .                                                                              | 106 |
| Iwao YAMAGUCHI, Tetsuo OISHI, Noriyoshi HASHIMOTO and Shinji NAGATA: <i>Kinetics of Heterogeneous Liquid Phase Reaction: Simultaneous Mass Transfer and Chemical Reaction.</i> . . . . . | 118 |
| Takayuki FUENO, Yoshimitsu TAKEDA and Junji FURUKAWA: <i>An Attempt to Estimate the Charge Distribution in Sigma-Bond Systems.</i> . . . . .                                             | 143 |

---

This memoirs is issued quarterly by the University to publish the original contributions to engineering science made or communicated by the members of the faculty. The faculty consists of following departments:

|                                         |                                          |
|-----------------------------------------|------------------------------------------|
| Dept. of Civil Engineering              | Dept. of Nuclear Engineering             |
| Dept. of Mechanical Engineering         | Dept. of Sanitary Engineering            |
| Dept. of Electrical Engineering         | Dept. of Applied Mathematics and Physics |
| Dept. of Mineral Science and Technology | Dept. of Precision Mechanics             |
| Dept. of Metallurgy                     | Dept. of Synthetic Chemistry             |
| Dept. of Industrial Chemistry           | Dept. of Electrical Engineering, II      |
| Dept. of Architecture                   | Dept. of Metal Science and Technology    |
| Dept. of Fuel Chemistry                 | Dept. of Mechanical Engineering, II      |
| Dept. of Chemical Engineering           | Dept. of Transportation Engineering      |
| Dept. of Polymer Chemistry              | Dept. of Architectural Engineering       |
| Dept. of Electronics                    | Automation Research Laboratory           |
| Dept. of Aeronautical Engineering       | Ionosphere Research Laboratory           |

All communications regarding the memoirs should be addressed to the dean of the faculty

Vol. XXVII, Part 1
