CONTENTS

Foreword	1
1. Staff List	2
2. Organization Chart	11
3. Research Activities	13
3-1. Research Activities in 2023	15
Advanced Energy Generation Division	
Quantum Radiation Energy Research Section	17
Advanced Atomic Energy Research Section	25
Advanced Plasma Energy Research Section	31
Complex Plasma Systems Research Section	39
Advanced Energy Research Section	47
Advanced Energy Conversion Division	
Functional Materials Science and Engineering Research Section	49
Advanced Laser Science Research Section	53
Advanced Energy Structural Materials Research Section	57
Optical Nano-science Research Section	61
Clean Energy Conversion Research Section	67
Advanced Energy Utilization Division	
Chemical Reaction Complex Processes Research Section	69
Molecular Nanotechnology Research Section	75
Biofunctional Chemistry Research Section	79
Structural Energy Bioscience Research Section	85
Laboratory for Complex Energy Processes	
Self - Assembly Science Research Section	93
Broad Band Energy Science Research Section	97
Environmental Microbiology Research Section	101
Integrated Research Center for Carbon Negative Science	
Integrated Research Center for Carbon Negative Science	105
3-2. Award	113
4. Joint Usage/Research Program	127
5. Collaboration Works in the Laboratory for Complex Energy Processes	135
6. Integrated Research Center for Carbon Negative Science	141
7. Projects with Other Universities and Organizations	145
8. How to get to the IAE	148

3. RESEARCH ACTIVITIES

3-1. RESEARCH ACTIVITIES IN 2023
